Mike,

Thanks to you and Chris for your additional review. Attached are revised clean copies of the draft NPRM and RIA to send to OAR. Please let me know if you need anything else.

Thanks,

Claudia

Thank you, Claudia. Looks good. I noted a few small edits/questions on pages 9, 18, 76, and 88. If you could address these and send me a clean version, then I'll send it on to OAR.

Mike,

Attached is a RLSO version of the version you sent me this morning with your comments. Please let me know what you think of the revisions and if they look good, I will accept them and send you a new clean version to send to OAR.

Thanks,

Claudia

Thanks, Mike. I am just waiting on some help from Chris Dresser on the response to your comment on page 117 and I will send over the revisions in track changes. Once you are okay with them, I can send you a new clean version to pass to OAR.

Claudia – Here are a few minor comments from me. Please let me know if you have any questions. I'll note that there are several bubble comments that call for some follow-up by you – see, in particular, pages 18 and 117. I will hold off on sending the document to OAR until I hear back from you. Thank you so much for your work on this – the preamble reads very well and reflects a lot of hard work. Great job!

Mike –

See below. I also responded more specifically in some cases in the document and noted a few other minor formatting things.

Deliberative Process / Ex. 5

Please let me know if I can help any further.

Chris: See my edits/comments on pages:

18-19 – I understand the need to delete text here – I wasn't sure.

34-35 – I added a tweak.

40 – Understand – same as edit on pp.18-19.

45 – Understand – made tweak.

59-60 – Agree.

68-69 – It's a rounding issue.

70 – Agree.
114 – I verified that they are using the correct template.
117 – Get clarification from R8 – looks easily addressable.
129 – I made some edits and R8 clarification is needed.

Also, I need you to explain to me again why this action also covers new sources. Thanks.

Mike,

Please find attached a redline strikeout version (for your reference) and a clean version of the draft NPRM for the U&O FIP, as well as the draft RIA for the proposal. We have addressed the most recent round of comments and concerns from OAQPS oil and gas staff (David Cozzie's group), ORC, and OGC, based on the clarified direction from regional and OAR senior management. Please review and move forward to your management and OAR for review as appropriate before it is sent to OP for transmittal to OMB for review.

Thank you,
